

Wright Will Oppose Gov. Stratton's Ticket

Eyes Governor's Job Or Secretary Of State's

CHICAGO (AP) — State Treasurer Warren E. Wright said Monday he plans to buck the organization of Gov. Stratton and seek the Republican nomination for either governor or secretary of state next year.

Wright, reached by telephone at Springfield, said his plans have not jelled, but there is no possibility that he will seek a deal with Stratton for an appointive state post after his two-year term expires in January 1957.

"I'm not on the team. I haven't asked to be on the team," Wright said. "I'm going to run for either governor or secretary of state, and that's definite."

Lodge Urges U.N. Okay Eisenhower's 'Open Sky' Plan

UNITED NATIONS, N. Y. (P) — Henry Cabot Lodge Jr. Monday urged the U. N. Political Committee to endorse President Eisenhower's "open sky" program for mutual aerial inspections between the Soviet Union and the United States.

Speaking with the full backing of the Eisenhower administration, the chief U. S. delegate drew a verbal picture of Soviet planes flying over the United States and United States planes flying over the Soviet Union on peaceful missions of aerial photography.

He said Nikita Khrushchev, Soviet Communist party chairman, in a talk to an Indian audience Nov. 26 seemed "to find this picture fantastic."

"We Americans do not," Lodge said to the U. N. delegates. "We believe that many many others do not find it fantastic."

"It will be as reassuring as the sight of the policeman on his beat," Lodge outlined the position taken by the United States since Eisenhower voiced his aerial inspection program at the summit conference in July.

Man Escapes Death In One Accident, Killed In Second

STUART, Fla. (P) — An elderly man who escaped death in an accident that killed a friend was fatally injured in a second highway crash.

Benjamin F. Wooten, 76, former Lake Worth building inspector, was injured Saturday in a two-car collision at Lake City in which Elbert H. Conner of Lake Worth died.

Wooten was hospitalized with a broken arm and nose. Sunday he was placed in an ambulance for transfer to Good Samaritan Hospital at West Palm Beach to be near his home and friends. Mrs. Wooten, 66, and their daughter, Mrs. Jesse Turner of Mattoon, Ill., rode with him.

State Highway Patrolman C. B. Highsmith reported that two miles north of Stuart a car driven by Mrs. William Schockley, 37, of Fort Pierce, pulled out of line to pass another vehicle and collided head-on with the ambulance.

Wooten was killed. Mrs. Wooten suffered from shock and back injuries. Mrs. Turner was badly cut on the mouth and chin. The ambulance attendant, John F. Morris of Lake City, received severe cuts and bruises, and the driver, Willie Carlton Roger, 18, of Lake City, lesser cuts and bruises.

Mrs. Schockley was cut and bruised, and was charged with reckless driving pending the outcome of an inquest.

Supreme Court Rules U.S. And Eastern Airlines Liable For Damages In '49 Crash

WASHINGTON (P) — The Supreme Court ruled Monday both the federal government and Eastern Airlines are liable for damages in a 1949 air crash here which took the lives of 55 persons.

In three separate actions, the court closed out a long, bitter legal battle over the question of liability. The disaster occurred when a four-engine Eastern airliner and a P38 fighter flown by Bolivian pilot Eric Rios Bridoux collided in the air.

In one action, the court unanimously agreed with decisions of lower federal courts that the government is subject to liability.

In another, it agreed with the U. S. Court of Appeals here that the government's liability is limited to \$15,000 for each death.

This is on the ground the government's negligence occurred in the control tower of Washington National Airport, which is in Virginia. Virginia limits damages for a death to \$15,000. The appellate court held,

the government's liability was limited to that of the state in which the negligence occurred, not necessarily where the accident occurred. The accident actually took place over the Potomac River in the District of Columbia, which has no limit on damages for a death.

The Supreme Court, with Justices Frankfurter and Harlan dissenting, overturned the Court of Appeals decision granting Eastern a new trial. The appellate court had held that the district judge erred in submitting to the jury the question of whether Eastern "unauthorizedly deviated from the traffic pattern."

One effect of the various actions is to let stand a jury verdict awarding the estate of Mr. and Mrs. Ralph F. Miller of Chevy Chase, Md., who were among the victims, \$65,000—\$50,000 for Miller's death and \$15,000 for his wife's death.

The jury, in returning the award against Eastern, found the airline was negligent. The district court then ruled the

Stratton's Request For Probe Of Till Case Rejected

SPRINGFIELD, Ill. (P) — Gov. Stratton said Monday that federal authorities have turned down his request for an investigation of the Emmett Louis Till case in Mississippi.

Stratton requested the investigation in a letter last October to Atty. Gen. Herbert Brownell Jr., after a Leflore County, Miss., grand jury refused to indict two white men on charges of kidnapping the 14-year-old Chicago Negro. Previously, the two men had been acquitted of his murder.

The Illinois governor released a letter from Brownell saying that no federal offense was involved in the case.

Brownell said the only basis for federal jurisdiction would have been if state or local officers had been involved in the crime or if Till had been abducted and taken across state lines.

"All available information, however, indicated that those who perpetrated the offense were private persons and that the kidnapping was confined to the state of Mississippi," Brownell said.

"Such being the case, this department is without any authority to take investigative or any other action."

40 Algerians Die As French Troops Fire On Market

ALGIERS (P) — French security troops fired on a crowded native market place near the Tunisian border Sunday and at least 40 Algerians were killed. The death toll across French North Africa was at least 69. At least 40 were injured.

In addition to the bloody scene on the market square of the town of Lamy, French authorities said that 24 Algerians died elsewhere Sunday as a result of rebel assassinations.

Lamy is a town of 10,000 a few miles inland from the Mediterranean. The market was crowded Sunday at 10:30 a.m. when nationalists in the throng fired some shots. A confused melee resulted. French authorities said local security troops were fired on and replied immediately. Armored cars were called and the town was surrounded.

Officials said only one soldier was slightly wounded in the affray at Lamy, the worst single incident in Algeria since last August. The day was among the bloodiest since native nationalists took to the hills in open revolt more than a year ago.

The situation in Morocco and Tunisia was less violent but no less complicated. In Tunis, a merchant named Mohamed Ben Attia died of wounds received in a political brawl Sunday. Ben Attia was a supporter of rabid nationalist Shah Ben Youssef and was involved in a fight with supporters of moderate leader Habib Bourguiba.

In Morocco, a similar political rivalry resulted in one dead and five injured in clashes between recruiters for the moderate Democratic Independence party (PDI) and the fervently nationalistic Istiqlal (Independence) party. Other scattered outbreaks also brought death in Morocco.

All Is In Order As Woman Departs 'This Mortal Coil'

HENDERSONVILLE, N. C. (P) — Mrs. Florence Carroll Graves had everything in order as she departed "this mortal coil" Sunday.

She hanged herself from a ceiling joist in her home after leaving her few possessions to the milkman and drowning three dogs and two cats she owned.

The 84-year-old former Chicago schoolteacher also left a 10-page will and testament in which she said she decided years ago that "when I become a burden to myself and others I would shuffle off this mortal coil." She had lived alone 20 years at nearby Dana.

Her milkman beneficiary, Jimmy Marshall, found her body when he made his daily delivery. She left a letter for Marshall which ended:

"And now as my ship sails out into the great unknown, I am standing at the helm, still the captain of my fate.

"Goodbye, fear-stricken world, goodbye."

Razor-Wielding Man Charged With Kidnaping, Rape

CHICAGO (P) — A razor-wielding man who slashed two persons and forced five others to take a wild ride in a taxi was charged Monday with kidnaping, rape, robbery and assault to kill.

The charges against Patrick Dillon, 25, will be heard Tuesday in Federal Court.

Police said Dillon admitted that Sunday he terrorized the patrons of a South Side saloon, slashed two men who tried to quiet him, and finally stole a cab and forced five of the saloon patrons to accompany him on a ride through the country west of Chicago.

Before releasing the last of the passengers, a young woman, he raped her, police said.

They related Dillon slashed Anthony Miskinis, 44, the owner of the tavern, and John Doran, 28, a patron, when they tried to subdue him.

He was seized some 12 hours after the escape in the home of a girl friend.

Find Broken Tooth, Denture In Home Of Missing Couple

LEBANON, Ill. (P) — A model couple believed to have been slain in their home by a maniac killer apparently put up a savage fight and injured their assailant before they mysteriously disappeared eight days ago.

A broken tooth and denture found in the bullet-marked and blood-stained house came from someone other than Mr. and Mrs. Harold Smith, the St. Clair County sheriff's office disclosed Monday.

On the word of a dentist that the unknown assailant would need immediate care for the tooth, broken in a manner to expose the nerve and cause bleeding, authorities began a check of all dentists in the area.

An intensive and continuing search of this area 25 miles east of St. Louis has disclosed no trace of the bodies of Smith, 30, and his wife, Arline, 35.

The Smiths' dentist, Dr. N. H. Feder of Belleville, said the tooth and denture came from neither of the Smiths and apparently were from an undernourished person with tobacco-stained teeth.

The clue was termed by one officer "the best thing we've come across yet." Every room in the modest, isolated home near Lebanon was blood-stained. Five bullets had been fired into the home, three of them through a picture window. Tire marks and a pool of blood in the yard indicated the Smiths, apparently dead, were taken away in a car.

Smith, a carpenter employed by a building contractor, hadn't missed a day of work in five years. An investigation into their private life disclosed no reason why they might have been the victims of such an attack. They have no children.

If there was a struggle, as indicated by the broken tooth and denture, it must have ended quickly. Furnishings of the home were neatly in place.

MOUNTAIN-CLIMBERS CARRY GEIGER COUNTERS

GENOA, Italy (P) — Geiger counters are among the equipment of an Italian mountain-climbing expedition assembling in South America to tackle unconquered peaks of the Chilean Andes and Tierra del Fuego. Geologist Arvedo Decima said the instruments may prove useful in checking reports of uranium in those areas.

Ike Urges Labor Protect Rights Of Minorities

Eden, Ike To Confer On Cold War Strategy

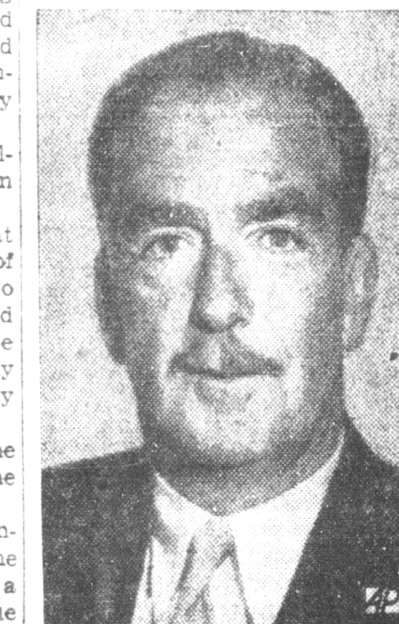

GETTYSBURG, Pa. (P) — Two top leaders of the Western world, President Eisenhower and British Prime Minister Eden, will meet at the White House Jan. 30 on strategy for combating Russia's stepped-up cold war maneuvers.

A massive array of tough international issues will confront the hands-across-the-Atlantic conference in the wake of the failure of the Geneva foreign ministers sessions last month to bridge major gaps dividing East and West.

But there were no solid indications that either the President or the Prime Minister feels that any real emergency impels a meeting between them and their foreign secretaries.

Mainly they will be up against old, holdover problems and one new one that embraces all the others.

Among the holdovers are the impasse with Russia on uniting Germany and achieving world disarmament, and the situations in the troubled Middle East and Asia.

The new one is the increasingly harsher trend in Russian foreign policy, accompanied by vigorous propaganda blasts at the free world, since the Geneva conference.

In addition, Eisenhower and Eden may wish to consider the implications of repeated governmental crises besetting one of their chief allies — France — and measures for strengthening the North Atlantic Treaty Organization.

Monday's announcement of the conference had home front political connotations.

Republicans who are hoping that Eisenhower will recover enough from his Sept. 24 heart attack to try for another term next year can be expected to fan their hopes with this. They regard it as a new indication that the chief executive is ready to take on a more and more active role in national and international affairs.

WOULD-BE FASHION CENTER

NEW YORK (P) — Mayor Robert F. Wagner has appointed a new committee to study ways of bolstering New York's position as the "fashion center of the world." A study was made a dozen years ago, Wagner said, but nothing was done about it, even though the apparel, arts and fashion trades employ 43 per cent of the city's workers.

Addresses Meeting Of Merged AFL-CIO

NEW YORK (AP) — President Eisenhower said Monday labor unions have a legitimate interest in politics but should be sure they "accurately reflect" wishes of their members before taking sides.

Eisenhower addressed the founding convention of the merged AFL-CIO by telephone from the Gettysburg, Pa., post office, his temporary headquarters while he is recuperating from illness.

His voice came through clearly and distinctly to the 1,400 delegates in the 71st Regiment Armory.

They cheered when AFL-CIO President George Meany, from the hall, introduced the President. They arose and gave another burst of applause at the end of the speech.

The President's reference to accurately reflecting view of the rank and file came at a time when there is speculation as to what role the new 16 million member organization will play in the 1956 presidential election.

Both the AFL and the CIO endorsed Adlai Stevenson, the Democratic candidate, in his 1952 campaign against Eisenhower.

Eisenhower told the unionists, "The roads you travel, the schools your children attend, the taxes you pay, the standards of integrity in government, the conduct of the public business is your business as Americans."

"And while all of you, as to the public business, have a common goal—a stronger and better America—your views as to the best means of reaching that goal vary widely—just as they do in any other group of American citizens."

"So in your new national organization, as well as in your many constituent organizations, you have a great opportunity of making your meetings the world's most effective exhibit of democratic processes."

"In those meetings the rights of minorities holding differing social, economic and political views must (Continued on Page Seven)

FIND BODY OF CHILD

MISSING SINCE OCT. 11

CRANE, Ind. (P) — Ronnie Weitkamp, 3-year-old son of a Crane Naval Ammunition Depot inspector, probably died of exposure while 2,500 servicemen and civilians were combing woods and fields for him a few yards away.

An autopsy Monday on the child's body, found Sunday by three boys tramping through a dense thicket, indicated the child died within 24 hours after his disappearance Oct. 11. Coroner Delmar Hasler said.

A cold rain set in after Ronnie, wandered off from his playmates. Doctors who performed the autopsy said they doubted he lived long after he became lost in the thick growth of brush and briars, a mile and a half from his home.

Only marks on the body were numerous scratches on the legs.

Churchill Blasts Bulganin, Khrushchev For Staging 'Surprising Spectacle' In India

By THE ASSOCIATED PRESS

Sir Winston Churchill strode Monday night into the great debate set off by the talk of Soviet leaders on a tour of South Asia.

Speaking in Woodford, England, the former Prime Minister termed the activities of Premier Nikolai Bulganin and Communist party boss Nikita S. Khrushchev an exhibition—"there is no other word."

To laughter of an audience of Young Conservatives, he said: "It certainly has been a surprising spectacle and one which Her Majesty's government will no doubt study carefully before they allow it, with suitable variants, to be repeated here."

Khrushchev and Bulganin are scheduled to visit Britain next April, though some London newspapers are already calling for cancellation of the invitation.

In Moscow the newspaper Pravda denounced the British Foreign Office and the British press for

making what it called "indecent sales" against Bulganin and Khrushchev. The paper accused Western correspondents covering the tour of "foul intentions" and referred to them as slaves of capitalism.

In Mandalay, Khrushchev lashed out at the British repeatedly. He told an audience of Burmese people that the colonizers made profits while Burmese people starved. In the north Burmese town of Maymyo near which Burmese troops were fighting Communist rebels in the jungles, Khrushchev implied that the expensive burden of armaments can be blamed on "countries which still do not agree to disarm." He meant obviously among others, the United States and Britain.

A Burmese official, however, pointed out to the Russians that Burma's military expenditures are all going to fight insurgents including Communists, who wish to overthrow Burma's government.

In New Delhi anti-American resentment was aroused by a joint U.S.-Portuguese statement attacking remarks Bulganin and Khrushchev made in India about Portuguese Indian colonies. The statement denounced the remarks as an effort "to foment hatred between the East and West."

Indian aggravation was caused by its phrasing, which referred to "Portuguese provinces in the Far East." The Indians viewed this as an acceptance by the United States government of the Portuguese stand that Goa and the other Portuguese colonies in India are an integral part of Portugal. New Delhi wants them incorporated in the Indian Republic.

U. S. Ambassador John Sherman Cooper was called to the Indian Foreign Office and it was reported he was questioned about the meaning of this statement.

PLIGHT OF THE FARMER

Of the many things politicians have said about the farm problem, perhaps the most curious is that the bulging crop surpluses in government hands are a side issue unrelated to the main difficulty.

Surpluses are the very heart of the matter and have been for more than three decades.

First in World War I and again in World War II, the American farmer was encouraged to produce far more than had previously been his custom. When wartime and early postwar demand was over, the farmer's excess output depressed the market.

In the 1920's this led to an agricultural depression that farmers never forgot. When this country was on the threshold of World War II, the farmer's friends in Congress acted to prevent a recurrence. They adopted the price support legislation which would bring government loans and purchases into the picture if the market sagged.

In the last few years that decline has occurred. Farm income has fallen despite price supports, and government warehouses have been filled to overflowing with crops taken off the farmer's hands.

All efforts to cut deeply into the surpluses seem to have failed because the farmer produces more and more from less and less acreage in his continuing battle to offset dropping market prices, acreage controls, and so on.

By now it ought to be plain the problem is chronic. The farmer has learned how to produce considerably more than the country absorbs in normal times. Neither government regulations nor market conditions effectively curb this extra output.

And neither government nor anybody else has found a way to insure that the farmer shall participate according to his numbers and his importance in the general economic gains the nation is steadily making.

The price support program is a crude, costly wartime makeshift that aggravates the problem rather than solves it. What we need is an entire new, inventive approach to the farmer's difficulty. It would be both heartening and refreshing if either one of our political parties could conceive such an approach.

Boyle's Column

By HAL BOYLE
NEW YORK (AP)—Charles Boyle doesn't mind what you call him—just so you don't call him "The Last of the Continental Lovers."
"I never liked that reputation," he said, then added with a wry smile:

"And now I can't live up to it. Age has taken care of that."

"Actually, I really have done only a few highly romantic roles, but the lover tag stuck to me for some reason. I've been plagued by it, not flattered by it. It is silly to be labeled a 'Continental Lover,' and I never accepted the label."

In private life the veteran actor, surprisingly youthful looking after more than a quarter century on stage and screen, lives an intercontinental romance. He is married to Pat Patterson, a British actress.

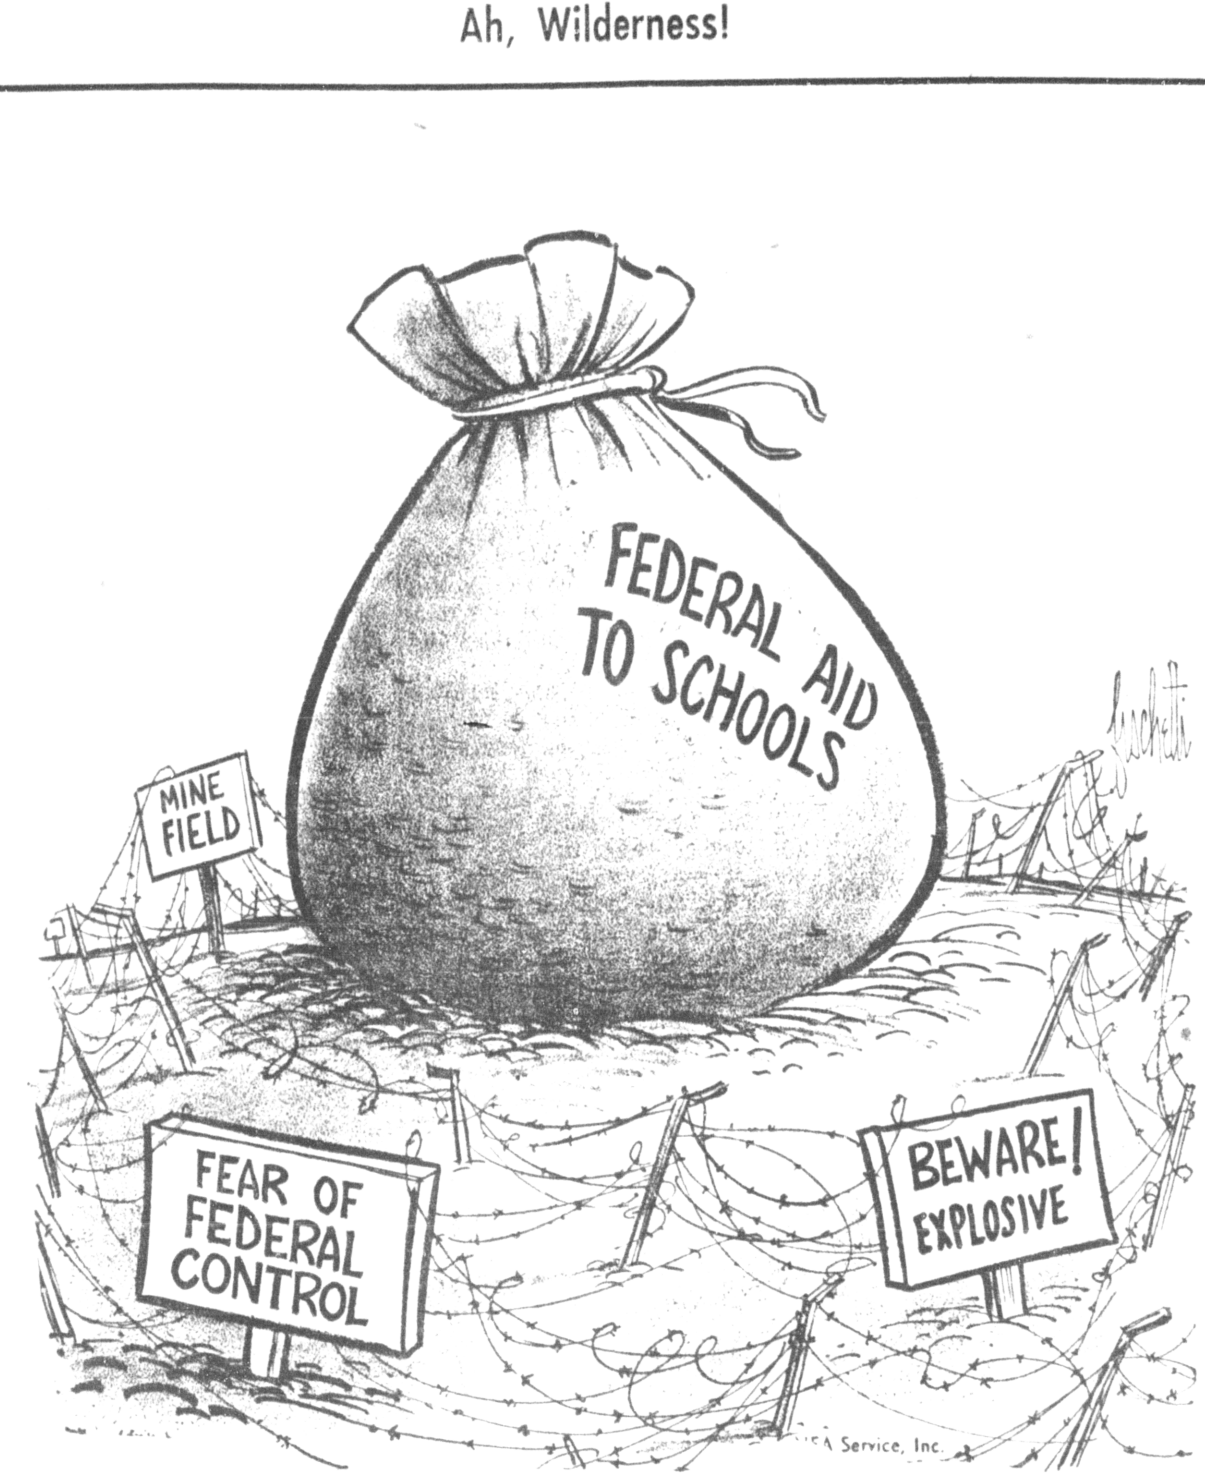

Like many another Hollywood star, Boyle has responded to the golden call of television. He now produces 10 dramas a year for "Four Star Playhouse," a CBS network program.

The new medium has been demanding. He made some 60 films in 25 years in Hollywood, but turned out 33 shows in his first four years in television.

"Finding the material is the big headache," he said. "They are making some 6,000 TV films a year, and it is getting more and more difficult to find good stories."
"The public is wise to all the old plots. They can guess the ending before it happens. The public likes to be surprised, but it is very hard to surprise anymore. The public has become more sophisticated."

"The thing I like best about TV work is the freedom. We are more on our own. While it is trouble, some to find something new and good, at least we don't have to do what we don't like."

Boyle, who returned recently from shooting some exterior scenes in Paris, hopes to bring to Broadway next fall a new French play called "Ornifle," a title which he said "doesn't mean anything. It's just a name."

'For America' Organization Girds for Political Action

BY PETER EDSON
NEA Washington Correspondent
WASHINGTON (NEA)—With a new lease on life and a promise of more money support, the "For America" committee is coming out in the open now as a political action group.

For those who may not remember, this is the group that the late Col. Robert R. McCormick of the Chicago Tribune and ex-Rep. Hamilton Fish of New York formed more than a year ago to promote their views and policies.

Gen. Robert E. Wood of Sears Roebuck was elected national chairman. Brig. Gen. Bonner Fellers, who had been Gen. Douglas MacArthur's public relations expert in Japan, was made national director and promised a million and a quarter dollars for the '54 campaign.

Today Gen. Fellers admits with a laugh that he never set the million. "HAM FISH PULLED OUT" of the organization because he wanted to make it an active political group. Col. McCormick wanted to make it merely an educational committee. Since Col. McCormick was paying most of the bills, that's what it remained.

But now Gen. Wood, because of his advancing years has been made honorary chairman. Dean Clarence Manion of Notre Dame Law School and Dan Smoot, the Dallas Tex. radio commentator formerly with "Facts Forum" have been made co-chairmen.

A policy committee of 70 from 25 states has been named. Included are such names as Lt. Gen. George D.

Ah, Wilderness!

★ EDSON IN WASHINGTON ★

Stratemyer, Gen. James A. Van Fleet, Gen. Mark Clark, Gen. A. C. Wedemeyer, Eugene Pulliam, Ex-Sen. A. W. Hawkes of New Jersey, Ex-Rep. Howard Buffett, Neb., and Samuel Pettengill, Ill., Frank E. Gannett, Sumner Gerard, Adm. Ben Moreell, Richard Lloyd Jones, Donald R. Richberg, Spruille Braden, Hugh Roy Cullen, the Texas oil-and-other-business multimillionaire.

THIS LIST IN ITSELF will give a fair idea of what "For America" will stand for, and against. But after two months of arguing among themselves, a policy statement has just been issued. This is being mailed out to a big list, with a coupon suggesting contributions of \$1 to \$1000—or more.

On the first page is what the policy committee identifies as "The Threat."
"International leadership has captured both parties. International leadership threatens American independence, leading us into bankruptcy, involving us in foreign wars and destroying our liberty."

THE "FOR AMERICA" PLATFORM then outlines five proposals to overcome this threat. These are the highlights:

1. Protect U. S. independence—by passing the Bricker amendment and reorganizing the United Nations into a group of non-Communist states, or else force U. S. withdrawal.
2. Protect the solvency of the U. S.—by passing the Reed-Dixen amendment to limit Congressional taxing power, limiting foreign spending and adopting Hoover commission government reorganization proposals.
3. Maintain peace with honor—by creating overwhelming air superiority and abolishing conscription.
4. Safeguard States Rights—by giving complete and exclusive control of education to local governments.
5. Destroy the Communist Conspiracy—by upholding the McCarran-Walter Immigration act, abolishing the withholding tax and guaranteeing the right to work and the emancipation of wages from "check-off" dues.

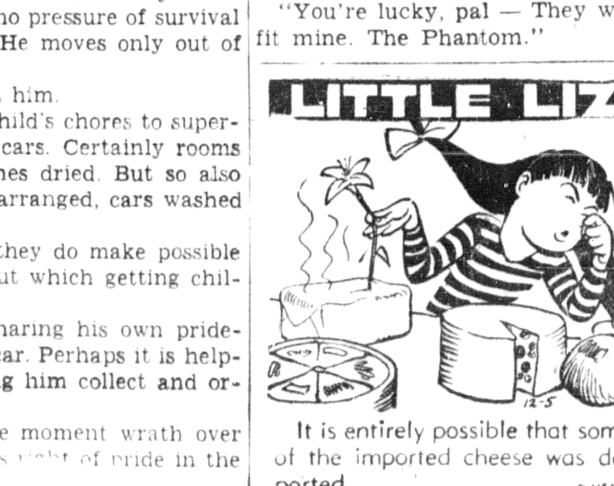

But, as a practicing actor, Fess knows that a career based on a fad cannot last. That has been discovered by many others who have known flash fame, from Frank Sinatra to Hopalong Cassidy.

"It has been said that I helped contribute to the demise of Hopalong Cassidy," Fess observed. "In turn, I could be happy to step aside for something new like the Mickey Mouse club. It seems to me that Mr. Disney has something real good there, a show that can develop the Mickey Rooneys and Judy Garlands of the future."

He told how he had observed the decline of enthusiasm for Davy. Fan mail fell off, although it bounced up to previous highs when Fess appeared in the keel boat episode on Disneyland a few weeks ago.

He'll have another new chapter on TV Dec. 14.

Man's Man Often Fails In Test as Woman's Mate

Is a "man's man" always a bargain so far as a woman is concerned? A girl of 24 says: "I have always heard that if men like a man, he is a pretty safe bet so far as a girl is concerned. But I'm beginning to wonder."

"The man I am engaged to has a great many men friends, is not only well liked but obviously admired by them. But since we have become engaged I keep finding out that he isn't very considerate of me, arrives late for dates, forgets promises, seems to delight in trying to make me jealous, etc."

"Could it be that the qualities that make men like him don't necessarily mean that he would make a steady and reliable and considerate husband?"

DELAY UNTIL YOU KNOW HIM WELL
It could be. There are men who get along fine with other men who seem to be lacking in a real respect for women. With men their word is as good as their bond. With women they assume an entirely different set of standards.

They somehow seem to think that with a woman whatever they can get by with is quite all right.

This type of man is often charming. When a woman gets involved with him it is sometimes difficult for her to see, until it is too late, that her "man's man" is just that. He's a real sorry character in dealings with women.

Any girl who suspects that she may be in love with such a man would be smart to delay marriage until she has time to know him well.

Charm is fine and goes a long way in social life. But in marriage, charm isn't nearly so important as character.

And it is wise, dition and several people including too, to get an X-ray and other Mrs. H. and Mr. A. have recently diagnostic tests as promptly as possible for some information about it.

The Severe Pain of acute pleurisy is not likely to last long under attack of acute pleurisy can forget proper rest and treatment, but it easily, since it is likely to be fortunately pleurisy often has a quite painful and may last for a tendency to become chronic.

This can go on and on with a rather long time. Pleurisy gets its name from the good deal of discomfort and inter-duplicate membrane which sur-face with normal life. Further-ounds the lungs called the pleura more fluid sometimes gathers in. If the pleura becomes inflamed, the space between the pleura and which may be the result of infec-tion or for no apparent cause, there is pain felt in the chest and usually a sharp dry cough which the vic-tim dreads because it makes the pain worse.

Even ordinary breathing or any motion of the chest is likely to bring on sharp pain.

An Attack of pleurisy often starts after exposure to excessive cold, sometimes yields to the new germ though it may come on at any time.

Other infections with which it is some other disease of the lungs, such as pneumonia. Even if the pain is more or less bearable it isn't smart to pretend to be big and strong and ignore the whole thing.

Perhaps the most important problem is to try to keep acute pleurisy from becoming chronic.

With the last addition of sugar, beat meringue until the tips of peaks, formed when beater is re-moved, tend to bend over slightly. Spread meringue on pie, completely covering the filling and touching pastry. Bake in a moderate oven.

Don't kick if you're still eating hash. You asked for turkey on Thanksgiving.

The average new father hands out cigars and then walks the floor all night smoking one.

Junk men lead a friendly life if you judge by how they get along to gather.

Manners Make Friends

If you are a member of the bride's family, don't entertain for her with a shower. Leave gift-giving parties for her friends to plan. Any other kind of party a relative might want to give is quite in order.

But there's something a bit mercenary about a relative of the bride giving a shower for her.

Pork loin roast needs a moderate (350 degrees) oven and 20 minutes per pound. Always make sure pork is cooked through.

Thaw frozen scallops, drain and her with a shower. Leave gift-giving parties for her friends to plan. Any other kind of party a relative might want to give is quite in order.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like, "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name *Preparation H*. At your druggist. Money back guarantee.

Conservation Ashland Club's Program Topic

The Ashland Junior Women's club met Thursday evening, Dec. 1, at the home of Mrs. Raymond Allen with Shirley Duling and Eleanor Plattner assisting.

A report was given on the recent Junior district board meeting held in Jacksonville Lucille Johnson and Mary Lou Newell attended this meeting. The 20th district Junior project for this year will be monthly parties for the children at the School for the Deaf in Jacksonville. Each club will be responsible for at least one party.

The speaker for the evening was George Cullen of Lincoln, who represented the State Department of Conservation. He spoke briefly on conservation work in general in the State and the services that are available to the public by this Department. He also showed two films. The Women's Clubs of Illinois stress conservation work, and every year plant many acres of trees in the interest of reforestation.

The local club voted \$3.00 to the Salvation Army fund drive. The project committee reported that they will take charge of the food baskets for the needy this year.

All members are asked to bring articles for baskets to the next meeting, which will be Dec. 15 in the form of a progressive dinner party. Instead of the usual gift exchange, the club voted to ask each member to give money to make the baskets more complete.

The Junior club has been invited to attend the Senior Women's club on Dec. 6, at 2:30 in the library basement. A very interesting program will be presented. Members are urged to attend.

The president announced the date for the annual benefit dance for the March of Dimes for January 14, at the high school.

State Hospital Begins 40-Hour Work Week

Announcement was made by Dr. Louis Belinson, superintendent of the Jacksonville State hospital, that as of Monday, Dec. 5, the hospital shifted its work schedules into a 40-hour week program.

This brings benefits to almost 700 of the 800 employees who heretofore had been working on a 48 and 44-hour schedule. Dr. Belinson said, "The program was instituted after a very careful study of work assignments which lead to reallocations making employees available in more critical areas," the superintendent explained.

Many offices will not be open on Saturday, and some having a continuous service have been set up with schedules to cover such needs. The greatest change came in the Nursing Department where the service had to be maintained 24 hours per day, 7 days per week.

In essence, the plan provides time for meals to be in addition to the regular work day schedule and when a holiday coincides with a regular day off, the holiday cannot be credited.

The shifts will alternate on a two-week basis, shifting from early to late and vice-versa; and days off have been set up in blocks either Monday - Tuesday; Wednesday - Thursday; or Friday-Saturday.

A similar plan was evolved for the Dietary Service in view of the fact the work week of the Nursing and Dietary Departments has been set as beginning on Monday, the actual starting date had to be deferred until Dec. 5 for practical reasons.

In addition to the extra day off per week, amounting to 52 days per year, the new plan formulated will insure employees getting regular days off as the general rule. The schedule for each department was worked out with the Department Head concerned, and some slight variation exists relating to the particular function of the unit.

This is the culmination of a program established by Dr. Otto L. Bettag, director, Department of Public Welfare, which is expected to have all institutions in the state under the 40-hour work week.

"It is a tribute to the willingness and spirit of cooperation that has prevailed between the Department and the hospital, and among all the employees of the Jacksonville State Hospital," Dr. Belinson said.

Change now to Gulf's New Super-Refined GAS-OIL TEAM

No gasoline alone can give you today's finest performance. No oil alone can give you today's finest protection. You need Gulf's GAS-OIL TEAM.

Gulf's New Super-Refined Gas-Oil Team gives you more miles per gallon more miles per quart

Gulf No-Nox Gasoline burns clean. Note the black deposit, on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part which Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own car—see how new NO-NOX can give you more miles per gallon in the short-trip, stop-and-go driving you do most.

Gulfpride Select Oil works clean. Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

National League Attendance Shows 4% Decline

CHICAGO (AP) — The National League Monday announced its official attendance figures for 1955, totaling 7,674,412, a 4 per cent decrease from the 1954 total of 8,013,519. The decline was 339,107 paid admissions.

Philadelphia showed the largest increase, up 183,895 paid, while Chicago and Brooklyn also did better at the gate. Clubs who dropped below their 1954 totals included St. Louis, Milwaukee and Cincinnati.

Milwaukee led the majors with plenty to spare on a total of 2,005,836, its second successive year over the two-million mark. The Braves were 125,548 below their 1954 mark.

Average attendance for night games in the league was 15,108 and Sunday doubleheaders averaged 19,043 paid.

CHAMPAIGN, Ill., Dec. 5 — Illini's veteran basketball team opens the 1955-56 intercollegiate season against Butler in George Huff Gymnasium Tuesday night (Dec. 6). Coach Harry Combes, who had planned to start five lettermen, has indicated that he will use one of two sophomores, Don Ohl of Edwardsville or Larry Breyfogle of Lawrenceville, at forward in place of junior Bill Allenberger, who is recovering from a virus infection.

Three regulars from last season will open against the Bulldogs — center George BonSalle and guards Bill Ridley and Capt. Paul Judson. Fifth starter will be Harv Schmidt, a 6-6 junior letterman who played regularly last year,

MEREDOSIA—(Special)—Coach Jim Spink's Tigers won a hard fought battle from Meredosia last night 67-52 in a PMBC conference game. It was the fifth straight win for I.S.D. but by no means an easy victory.

Meredosia threw a full court press on the Tigers from the opening tip off and it wasn't till the last quarter that I.S.D. finally solved the problem. The passing was ragged throughout the contest and there were numerous fouls called due to the small playing floor.

I.S.D. never built up a large score until the final period. Meredosia was within 5 points as the fourth quarter opened but the Tigers put their scoring shoes to work as Mehring took the tip off and scored easily. Meredosia then saw the Spinkmen go on to score six points in less than a minute to hand them their fourth loss against one win.

George Allen played his last home game as he won't be around after December 21 because of a 20th birthday soon. Allen played a whale of a floor game and his 17 tallies led Meredosia scorers.

The Tiger scoring was fairly even but Paul Mehring poured 19 points through the nets to set the pace for I.S.D.

CHICAGO (AP)—Loyola of Chicago scored its second straight basketball triumph Monday night by trimming South Dakota 74-68.

When Wally Post of the Redlegs baited in 103 runs in 1955 he became the first Cincinnati right fielder ever to knock in more than 100 runs in one season.

When Wally Post of the Redlegs baited in 103 runs in 1955 he became the first Cincinnati right fielder ever to knock in more than 100 runs in one season.

Hiles Stout, letterman forward from Peoria (Central), and sophomores Ted Caiazza, LaGrange (Lyons center, Jim Chengary, Chicago (Bowen) forward, and John Paul, Elgin (St. Edward) guard. Combes, of course, hopes that Allenberger also will be ready for some action. However, the East St. Louis junior could not possibly be at his best. He will not be used at all if team physicians feel it might slow his recovery, since Combes desires that he be returned to full time duty as soon as possible.

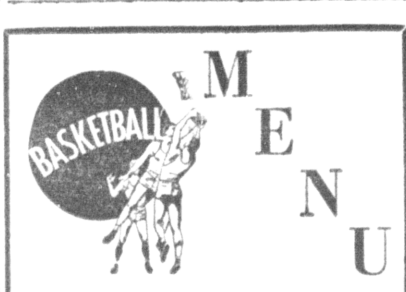

Butler, which boasts seven lettermen and a handful of likely-looking newcomers, already has played two games against Big Ten opposition — Wisconsin and Ohio State.

Coach Paul D. (Tony) Hinkle has relied mainly on veterans this far, although yearling Sheddrick Mitchell has received considerable attention at center. Although only 6-2, Mitchell has proven himself a tough rebounder and an excellent feeder.

Butler's all-veteran combination includes 6-3 Ted Guzek and 6-3 Wally Cox at forward, 6-4 Henry Foster at center, and 6-0 Dave Schetz and 5-11 Bob Plump at guard. Cox, a guard most of the season, has been shifted to forward to get the scoring ability and ball-handling of both Schetz and Plump in the game at one time.

Other Butler players who are likely to see extended action are Mark Peterman and Joe Dimire, both seniors, who were starters at forward on occasion last season.

The game will be twentieth in a series which began in 1922. Illini have won 12, and have not been beaten by the Bulldogs since 1934.

Kansas Opens Season With 91-70 No'western Defeat

LAWRENCE, Kan. (AP)—Kansas, a favorite in the Big Seven title chase, opened its basketball season Monday night with a 91-70 victory over Northwestern of the Big Ten.

Dick Matt, Northwestern guard, was the game's highest scorer with 20 points. Forward Gene Elstun led Kansas with 19 points.

Kansas showed fine balance after a slow start and 14 men shared in the scoring. The first half was a ragged, run-and-shoot affair. The lead changed hands eight times before Kansas staged a late surge to grab a 47-38 halftime lead.

Kansas never was in trouble after that.

Vanderbilt Beats Ohio State 76-67

COLUMBUS, Ohio (AP)—A tall, rugged, sharp-shooting Vanderbilt squad jumped off to a seven-point lead in the first quarter and never trailed Monday night as they beat Ohio State 76-67 in a basketball game.

All-America Robin Freeman scored 40 points for the Buckeyes. The terrific Commodores hit on 50 per cent of their shots, making 24 in 48 tries. At the free throw line the Commodores, who ranked 17th in the nation last year, made 76 per cent.

Four of Vanderbilt's five starters scored in the double figures. Guard Al Rochelle led the way with 23 points.

The Buckeyes had only Freeman. But at times it seemed Freeman alone might be enough. He made 60 per cent of his tries and helped Ohio State narrow the gap time and again. A last-quarter rally brought the Buckeyes to within five points, with 4½ minutes left in the game.

Principia Nips Concordia 55-52

ELSAH, Ill. (AP)—Principia College turned back a late Concordia threat for a 55-52 victory Monday night in its first Prairie College Conference basketball game of the season.

The Springfield, Ill., team, down 28-34 at halftime, tied it early in the last half and made a late comeback after falling behind 42-50.

Ty Anderson, a 6-2 guard, led Principia with 14 points. Floyd Dahl's 18 points was high for Concordia.

ELECT YAWKEY VICE PRESIDENT OF A LEAGUE

CHICAGO (AP)—Tom Yawkey, president of the Boston Red Sox, was elected vice president of the American League Monday succeeding the late Clark Griffith.

Connie Mack was reelected honorary vice president.

Hank Greenberg, Cleveland, resigned as member of the player-pension committee and was replaced by Joe Cronin, Boston general manager.

Stewart And Deaton Lead JHS Matmen To Victory Over Roxana

Coach Tom Carmody's Jacksonville high school wrestling Crimsons bounced back from a close defeat at the hands of Lanphier high to take a decisive win over Roxana high by a score of 32-12.

Co-captains Dion Stewart and Bill Deaton picked up eight points to lead the scoring.

RIDDLE NAMED COACH AT BRAVES' FARM CLUB

CHICAGO (AP)—The Milwaukee Braves Monday announced appointment of Johnny Riddle as coach of its new Wichita farm club in the Western League. Riddle, former major league catcher, was a coach with the St. Louis Cardinals from 1952 through 1955.

FAMOUS BOWLERS BECOME MA AND PA

CHICAGO (AP)—Bowling's most famous married couple, Joe and June Kristof, Monday became parents for the second time. A daughter, Kristina, was born weighing 6 pounds, 15 ounces. They also have a son, Karl.

Ray Estes, Florida State freshman end, comes from Auburn, Maine.

College Football Swung To Old Fashioned Play During 1955 Season

By THE ASSOCIATED PRESS
No matter how you say it, college football swung back toward old-fashioned play, featuring running attacks and stout defensive play, during the 1955 season.

That was the one big trend noted by 149 sports writers and broadcasters throughout the nation in their replies to the Associated Press post-season questionnaire.

The answers, of course, took various different forms. Some saw the trend as toward greater emphasis on defense by the coaches and the resulting better defensive play.

Others pointed to the return to the running game, with the increasing popularity of "possession" football as a corollary. Still others picked out the continued spread of the popular split T formation, with emphasis on the option plays and the "ride" or "belly" series.

Added up, all these similar replies produced a picture of solid, conservative football for the third season since the end of the two-planet system. That was in sharp contrast to conditions a few years back when college teams were going in strongly for passing and

France Takes 'Secret Weapon' To Olympic Games

PARIS (AP)—France is going into the winter Olympic Games with a "secret weapon" for its skiers — a specially built ski with flexible metal rods through which the tension can be regulated.

Maurice Martel, president of the Competition Committee of the French Ski Federation, Monday explained the new ski in an interview. He declined to say that the innovation gave the ski more flexibility but said the advantage was that it imparted a sensitive quality which can be adjusted for varying snow conditions.

The rods are built into the wood forward and behind the pivot point where the ski is attached to the foot. A small cylinder also is located at this point with springs running to the front and rear rods. Through maximum adjustment of the springs, the skis might be bent either upward or downward into small arcs. The practical use of the regulators probably never would go to extremes, however.

"Let's face it," said Martel, "The 10 top skiers of the world are probably within a second of one another on any given race, if all conditions are equal. But you have a question of training, morale, luck and equipment. For a race, the fight is always for tenths of seconds and that's what we hope to gain with these new skis."

Frick Says U.S. Rejected Test Case On Radio, TV Game

CHICAGO (AP)—Baseball Commissioner Ford Frick said Monday he had "the rug pulled out from under" by the government in an attempt to set up a test case of a proposed rule governing radio and television broadcasts of games.

Frick told a press conference that the Department of Justice had decided not to go along with baseball's plans for a test case.

He said he got the final word Nov. 25 just before he was to leave New York for the Columbus, Ohio, minor league meetings.

The commissioner took great pains to make sure that his remarks would not be construed as a "gripe" against the government. "We had an idea, but it just didn't work out," he said. "We'll have to come up with something else."

For years the minors, and some of the major league clubs, have been after the commissioner to try to get some positive ruling from Washington so that baseball could have "ground rules" to follow in formulating a definite policy on radio and TV.

The majors had a rule restricting such broadcasts several years ago, but it was repealed on advice from the Justice Department that it might be illegal.

The minors do have a radio-TV rule that bans commercial broadcasts outside a club's home (50-mile radius) territory. At the Columbus meetings, the minors passed an amendment that would increase the "home" territory limit from 50 to 75 miles and asked to go along. A similar proposal last year was rejected by the majors and apparently is doomed again.

Frick visited the press room which the American and National leagues were holding separate sessions.

The American elected Tom Yawkey, Boston president as league vice president succeeding the late Clark Griffith and re-elected Connie Mack as honorary vice president.

Phil Wrigley, Chicago Cubs owner, was reelected vice president of the national.

The National announced its official attendance figures for 1955 as 7,674,412, a decrease of 4 per cent from 1954.

ELLIOTT WITHHOLDS DECISION ON JOB AT NEBRASKA U.

LINCOLN, Neb. (AP)—Pete Elliott, Oklahoma backfield coach, has been offered the head football coaching job at the University of Nebraska but will make no decision on the offer until after Oklahoma's Orange Bowl date with Maryland Jan. 2.

The disclosure came at a news conference Monday attended by Elliott and Nebraska Athletic Director Bill Orwig.

Elliott came to Lincoln Sunday to consult with Orwig and Chancellor Clifford Hardin about the vacancy created when Coach Bill Glassford announced recently he will not return next year.

Orwig said he would not continue his search for a coach but added: "I have every reason to think we can reach a definite decision" with Elliott around the Jan. 2 date.

Saukee's Visit JHS; Routt In Tournament

Coach John Chapman and his Crimsons play host to the Pittsfield Saukee Indians tonight in the local bowl at 8:00.

Pittsfield has played one game so far, taking a win over Winchester. Coach Dick Heitholt has six returning lettermen from last year's squad. Petty and Sanderson are the Saukee's main scorers. Coach Chapman's crew lost 3 on the road last week and hope to start their winning ways with a victory tonight. The lineup will find Nunn and Scott at forwards, Bill Jordan at center, and Fairfield and Coates bringing the ball down.

The preliminary game will get underway at 6:30 p.m.

Routt at Tournament
The Rockets are entered in the Williamsville tourney and will play Middletown in the second game tonight.

Routt's record so far this year is 2 wins and 1 loss.

New York Stock Market

NEW YORK (AP) — Wall Street's greatest bull market in stocks passed another historic milestone Monday—it made up the 20 billion dollars lost in the September-October crash.

Using the Associated Press average of 60 stocks as the yardstick, here is the big picture.

Last Sept. 23 the AP average stood at \$181.50, highest level it ever had reached and substantially above the old 1929 highs.

Then the news of President Eisenhower's heart attack hit Wall Street. Stocks tumbled with a swiftness and severity that had not been seen since the 1929 debacle.

On Oct. 11, the AP average reached its low for the reaction—\$163.40. That indicated an estimated 20 billion dollars had been erased from the quoted value of all listed securities.

From that point onward, the stock market recovered strongly with occasional, brief pauses for consolidation.

Monday the market advanced moderately with steel as the featured strong leader. The AP average gained \$1.00 and closed at \$181.50, equal to its old historic high of last September.

The industrial component advanced \$2.60 while both the railroad and utilities held unchanged.

Trading started fast but dwindled later and came to 2,440,000 shares for the day. That compared with 2,400,000 traded Friday when the market was a little higher.

Higher were steel, aircraft, chemicals, and many individual issues. Motors, rails and oils were rather mixed.

The American Stock Exchange was higher. Volume was heavy at 1,200,000 shares compared with 880,000 shares Friday.

New York Bond Market

NEW YORK (AP) — Selected convertible and industrial issues led the bond market higher Monday. U. S. Treasury obligations declined, with weakness concentrated in the long range bonds.

Corporate trading volume increased to \$4,430,000 par value from \$4,120,000 Friday.

CORN LEADS ADVANCES ON FIRM MARKET

By WILLIAM FERRIS

CHICAGO (AP) — Corn led an advance in grains on the Board of Trade Monday, supported by a firm tone in the cash markets.

The market was higher from the start, although oats showed an early reluctance to push ahead and new crop wheat futures never developed real strength. Moisture in the Southwest kept buyers away from new crop wheat.

Wheat closed unchanged to 1/2 higher, corn 1 1/4-2 1/2 higher, oats 1/2-1 1/2 higher, rye 3/4-1 1/2 higher, soybeans 1 1/2-1 3/4 higher and lard 2 to 10 cents a hundred pounds higher.

Cash corn receipts totaled 317 cars, which was considered low for a Monday. As a result cash prices advanced. No. 2 yellow sold at \$1.29 1/2, compared with \$1.27 1/2 last Friday and \$1.19 1/2-\$1.21 1/4 a week ago.

Cold weather and snow blanketed much of the Midwest, a condition which grainmen felt would encourage feeding corn to livestock. Hog prices advanced.

The cold weather also was a factor in the advance of soybeans. This commodity is taking its cue at the moment from cash soybean meal, a livestock feed. Bean meal was quoted at \$49.50 to \$50.00 a ton, up 50 cents. Its 1955 low, set seven days ago, was \$46.00 to \$47.00.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP) — A reduction in salable receipts as compared with a week ago helped butcher hogs and sows gain 25 to 50 cents Monday. Receipts totaled 18,000 head against 22,000 last Monday.

Buyers got most 190 to 220-pound butchers at \$11.25 to \$12.00, going up to \$12.25 to \$12.50, the top, for about 800 selected head. This top was up 50 cents from last Friday. Butchers scaling 230 to 250 pounds were taken at \$10.50 to \$11.50 and 260 to 320 pounds at \$9.75 to \$10.50. Most sows sold at \$8.00 to \$9.50 but a few lightweights reached \$9.75.

Steers and heifers sold steady to 50 cents lower in the cattle section, where salable receipts totaled 26,000 head. A few loads of average to high prime steers reached \$24.00 to \$25.00 with most choice and prime at \$19.50 to \$23.50. High choice and prime heifers sold at \$21.50 to \$22.25.

Cows held steady at \$9.00 to \$11.00 for utility and commercial, and \$7.50 to \$9.50 for canners and cutters. Bulls were fully steady at \$12.50 to \$14.50 for utility and commercial. Vealers were about steady at \$23.00 down.

Salable sheep receipts totaled 3,500. All classes held steady. Buyers paid \$17.50 to \$19.00 for good to choice wooled lambs.

HE lifted Pace, whose head lolled, and carried him across the room, dumped him on the sofa. Dan lifted the pistol, ejected the empty cases and replaced them with bullets from the belt.

He picked his hat up from the floor and jammed it on his head. He crossed to the door and was about to open it when Paula spoke again.

"Dan," he turned. Her eyes searched his face as though trying to impress it deeply in her memory. Her voice dropped to a whisper. "Be careful, Dan. Oh, please be careful! I suppose I've been uncertain and maybe a little weak, but now I know I love you. I want you back—safe."

His hand dropped from the knob and he took a step toward checked him and he stiffened, his jaw going hard and his eyes black.

"They've got Hal Crane," he added grimly, "I'll be back."

Dan stopped at Doc Langer's house.

"What is it, Dan?" The voice dripped acid. "Another killing? Not one of them, I hope."

"Afraid not, Doc. I think it's Hal Crane. He was holed up at George's."

"I'll get my bag."

Dan walked to the Gorton shack, saw the door stood half ajar.

In two strides he was beside Hal and gently turned him over. "His eyes were closed and the front of his shirt was stained with blood. He breathed shallowly and Dan did not like the pallor of the skin and the dull sheen of the eyes beneath the half-closed lids. He twisted around when he heard hasty steps across the other room."

Doc Langer stood in the doorway, trying to adjust to the shadows. In another moment he knelt beside Dan, practiced hands

cutting the shirt to expose the wound. Dan heard a stir behind him and again turned to see Ava Rikes standing in the doorway. He hastily walked to her, shielding the body.

"What's wrong?" she asked. "Is it George?"

She was not drunk. Her face showed the marks of her fight with the bottle and her eyes were puffy and red. But from somewhere deep within she had gathered a new strength. Dan shook his head.

"It's Hal Crane. He's been shot."

Dan understood who she meant and he nodded. Behind him Doc Langer spoke in a soft fury.

"They nearly notched their guns again, and they still might count coup if Hal's luck gives out. He's got a bare chance of pulling through."

Dan said heavily, "They killed George Gorton. Then they quarreled among themselves and Jack Bruhn is dead."

DAN turned to look into her questioning eyes.

"How about Tex, Ava?" he asked gently. "Did he mean anything to you?"

"He's part of the nightmare, Dan. He promised to take me away from all this. I was dazed, hurt, all mixed up. She slowly shook her head. "No, him and his whisky just eased the pain I came out of it last night. I leave Bitter—but not with Tex or anyone like him."

Dan squeezed her arm. "Good. Pace Odom killed Tex. Just after Tex shot Jack Bruhn."

She slowly closed her eyes, opened them again. She looked at Dan for a long time and sighed. "I... I'm going home."

When the door closed behind her, Dan turned to Doc Langer. "So we've got a gun. But there's Vause, Juarez, Egan and Denver."

LIQUID TIPS
LITTLE ROCK, Ark.—County Judge Arch Campbell has passed the word that the public isn't to tip county prisoners.

Welfare recipients have been tipping convicts who distribute food-stuffs to needy persons here, said the judge. The discovery of several bottles of wine at the county penal farm indicates that not all of the tips were cash.

BABY ESCAPES DEATH
ASHDOWN, Ark.—L. C. Coffee, 16, was killed when he was hit by a truck, but an infant he was carrying in his arms escaped without a scratch. The impact jarred the baby from his arms.

Trio Of Gunmen Rob Station At Waverly

A Cities Service station at the junction of state routes 104 and 111 in Waverly, owned by Allen Deatherage, was victimized by a trio of gunmen who held up the owner and an attendant at five o'clock Monday evening.

Night Marshal John Brown at Waverly notified the county sheriff's office at 5:12 p. m. and sheriff's deputies Wicks, Slavens and Keller investigated the crime.

The investigating officials were told by Deatherage that three men in a white and blue 1935 Chevrolet drove into the station to get gas. When two of the men came inside the station to pay for their purchase, they brandished revolvers and forced Deatherage and an attendant into a washroom and locked them in. They then proceeded to loot the cash drawer of its contents. According to sheriff's officials the gunmen became frightened and fled when they finished looting the till.

Deatherage reported that he had just opened the station and had only about two dollars in the place at the time of the robbery.

The state police were also notified and officers Bailey and Vascenello helped in the investigation. Officers Stafford, Smith, Brune and McGee of the Jacksonville city police also assisted in tracing the men following the crime.

Officials are still checking leads in the case.

The driver of the getaway car was reported to have been wearing glasses and a red checked cap. One of the two men who brandished pistols was said to have carried his head a little to one side and the other, to have been small in stature and have black curly hair.

House Damaged By Roof Fire Monday Afternoon
The one story frame home occupied by LeRoy Raugherty at 412 South West street was badly damaged by fire Monday afternoon. The fire is believed to have started from a spark from a chimney.

Daugherty was in his living room watching a TV program when a neighbor notified him that the roof of the house was ablaze. Firemen quickly had two large lines of hose playing on the fire and it was brought under control within a short time.

The attic was badly charred and the roof damaged. Some of the furniture was removed from the house but there was considerable damage to the contents by water. The house is owned by John Lewis.

Plaintiff Drows Contest Of Will
The only suit remaining on the trial docket this week in Morgan county circuit court was dismissed Monday morning by Judge Clem Smith for want of prosecution.

Settlements and cancellations had cut deeply into the week's schedule of trials, with only the suit of William Hembrough vs. Howard E. Becker, involving the contest of a will, still docketed for trial.

Jurors were empaneled at 10 a. m. and the case was called for trial. The defense answered ready, but the absence of the plaintiff or counsel resulted in dismissal.

The jury panel was dismissed until 9 a. m. next Monday, Dec. 12, when it will report for further service. Several suits remain on the trial docket next week.

Judge Smith will conduct court here both Tuesday and Wednesday this week.

A number of routine affairs were handled by the court at the session Monday.

College Frat Has Cool, Lowdown Shindie In Sewer
LOS ANGELES (P)—The pledges of a University of Southern California fraternity went to the depths for a site for their big costume party.

They tossed a sewer shindie in a huge underground storm drain after convincing city and county authorities that they wouldn't endanger their guests.

Twelve pledges of Sigma Phi Epsilon spent a week cleaning and decorating the tunnel, and USC engineering students built a four-foot dam to protect the area from runoff waters during the course of the dance.

Thirty more than 100 guests agreed the party Saturday night was cool and lowdown. One coed paid the supreme compliment. Said she: "I've never seen a cleaner sewer."

Jennie L. Wankel Dies Sunday Noon; Rites At Ashland

Mrs. Jennie Lee Wankel, 1234 South Clay avenue, died at 12:20 p. m. Sunday at Our Saviour's hospital after an illness of the past 16 months. Mrs. Wankel resided in Ashland for seven years before moving to Jacksonville three years ago.

She was born Dec. 13, 1874 in Cass county, the daughter of John and Sarah True Eads. Her marriage to George W. Wankel occurred Dec. 4, 1891 and he preceded her in death Jan. 20, 1945.

Surviving are five children, Mrs. Violet Vlands and Lloyd Wankel of Ashland; Miss June Wankel and Mrs. Nellie Devoy of Jacksonville and Leslie Wankel of Tallula. Two sisters survive, Mrs. Nellie Meyers of Beardstown and Mrs. Daisy Vieira of Jacksonville. One brother, Robert Eads, lives at Chandlerville. There are 16 grandchildren and 19 great grandchildren.

The deceased was a member of the Eckman Methodist Chapel and of the W.S.C.S. of that church.

The body was taken to the Gainer funeral home at Ashland where friends may call. Services will be held at 2 p. m. Tuesday in the Methodist church at Ashland with the pastor, Rev. M. O. Challman, officiating. Burial will be made in the Ashland cemetery.

Plan Double Rites For McCurdie Couple Here

S. F. McCurdie, until five years ago a resident of Jacksonville, died late Sunday night at St. Joseph's hospital in Bloomington just two days after his wife expired from injuries received in an automobile accident Friday night northeast of Bloomington.

Mr. McCurdie and his wife, the former Louise Fern Harney McCurdie of Jacksonville, were fatally injured when the passenger car occupied by the couple crashed into the rear of a tractor trailer a mile north of route nine on U. S. route 66. The accident occurred at 5:15 p. m. Friday. Mrs. McCurdie died at 11:40 p. m. Friday and Mr. McCurdie at 11:48 p. m. Sunday.

The sheriff's office investigators said that Joseph Byrd of Wesson, Miss., driver of the tractor-trailer, was going north on route 66. As he slowed down in the heavy fog the McCurdie car crashed into the rear of the trailer. The injured couple was pinned in the car by the impact.

Mr. and Mrs. McCurdie operated Fern's Cafe and a service station at Towanda where they had resided the past five years.

In addition to the previously listed survivors of Mrs. McCurdie unintentionally omitted was the name of a sister, Mrs. Gerald Shumaker, Jacksonville route four.

Double rites will be conducted for the couple at 9:30 Wednesday morning at the Stamper Memorial home in Bloomington where Rev. Earl O'Neill of the Towanda Methodist church will be in charge. Additional services will be conducted at 2:30 Wednesday afternoon at the Gillham funeral home with the same pastor officiating. Burial will be made in the Diamond Grove cemetery.

Slayton F. McCurdie was born Nov. 11, 1909 at Detroit, Mich., the son of John and Helen Penner McCurdie. His daughter, Helen and a son, Michael, both at home, survive. One sister, Mrs. A. J. Johnson of Detroit, Mich., and a brother, John McCurdie, living at Towanda, also survive.

DOUBLE TROUBLE
SEATTLE (P)—Kindergarten problems were really doubled up at the Lafayette School.

Six sets of twins are enrolled. It doesn't bring confusion to the teachers, though. Each pair is separated in classrooms. The principal said that helps their education, not the teachers. Two of the sets are boy-girl combinations.

PLEASANT ASSIGNMENT
FORT LEE, Va. (P)—Some assignments for members of the Quartermaster Office Advance Course and Company Officer Course here are downright pleasant.

The young officers must observe six per WACS as they model uniforms—from one piece exercise uniforms to white dresses.
